UNITED WAY OF NORTHERN BRITISH COLUMBIA (UWNBC) – COMMUNITY IMPACT IN KITIMAT

As part of UWNBC community development work, community issues were identified through research and consultation for UWNBC's 3 pillars: **Successful Kids/Empowered Families, Involved Seniors** and **Healthy Citizens and Safe, Supportive Communities**.

The Kitimat issues identified can be summarized as:

Successful Kids/ Empowered Families	Involved Seniors	Healthy Citizens and Safe, Supportive Communities
More programs needed to support successful education the transition of youth into adulthood	More evening transportation is needed for seniors	Need a broader range of mental health supports (i.e., for young adults, high functioning residents)
Need a broader range of child care supports (i.e., drop-in, for shift workers, etc.)		
For more information please visit: www.unitedwaynbc.ca/Documents/Success By 6 2010 2011.pdf		Need more supports to link multicultural citizens with a range of local / regional services

Listed next are current community development and community investments that begin to address the community issues identified above. With your support UWNBC will continue to assess needs and invest for change.
