

UNITED
MORE THAN
EVER

My colleagues and I have been long-time supporters of **United Way of Northern BC**. The foundation of the support is based on the continued and successful delivery of support and services in the smaller communities.

We are grateful that our contributions stay in the north and go towards the benefit of children, seniors and those less fortunate among ourselves.

It is important to support initiatives that help individuals realize their full potential, assist families moving through a period of trauma and conflict, and helping those with disabilities maintain or gain their independence.

So join us to support the United Way of Northern BC!
